Parts of the broad ligament

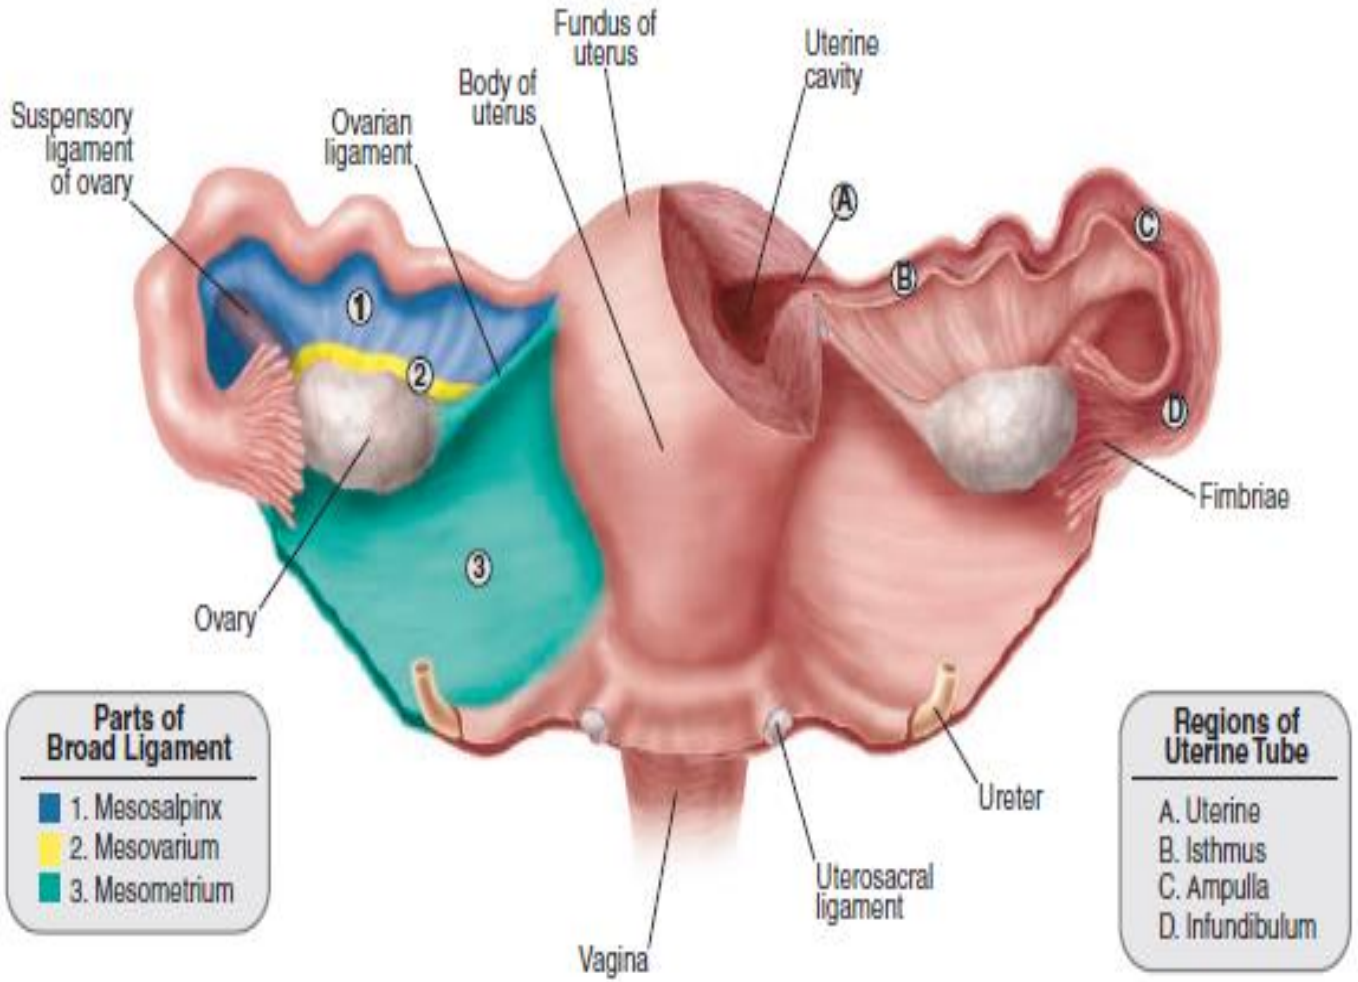

ANU MEDICAL SCHOOL PROGRAM

What is the broad ligament of the uterus??

Mesosalpinx

Mesovarium

mesometrium

Broad ligament of the uterus

- Parts :

1- Mesometrium : the part between body of uterus, ovarian ligament & ovary.

2- Mesosalpinx : the part between uterine tube, ovarian ligament and ovary.

3- Suspensory ligament of the ovary : is the part extending from the infundibulum of the uterine tube and ovary to the side wall of the pelvis.

It transmits the ovarian vessels and nerves.

4- Mesovarium : connecting the ovary to the broad ligament.
